FOR ALL YOUR HELP!

Dear Friend of the World Youth Alliance,

My name is Pauline and I am 24 years old. I'm from Vancouver, Canada but I was born and raised in Manila, Philippines. I studied Behavioural Neuroscience at the University of British Columbia in Vancouver. Previously, I worked as a Research Coordinator for the UBC Social Cognitive Development Laboratory and was a Research Assistant prior to that. I am currently in the process of pursuing a Master's Degree in Public Health with a focus on Infant and Maternal Health.

I became involved with WYA through a friend of mine from the Philippines whose film was chosen for the WYA Manhattan International Film Festival in 2014. She introduced WYA to me and I ended up reading on the website about the organization for hours. I was surprised to find an organization that promoted the very same ideals and beliefs I also have. I immediately started my Track A Training and in a matter of a few months I became an intern at WYA HQ. As the North America intern, I helped organize events, particularly the Emerging Leaders Conference. I was also spearheading our chapter visits to a local high school for girls. It was wonderful meeting and interacting with all our WYA members who had so much passion in promoting human dignity.. These experiences developed my leadership and project management skills which lead me to secure the position of Regional Director of Operations for WYA North America. I hope to continue the work that

WYA does, particularly in our region, to inspire the youth and engage them to become leaders and pro-active members of society.

I would like to thank your continuous and generous support for the mission of the World Youth Alliance! Through your contributions, WYA is able to train young people in these internship programs and equip them with the skills necessary to be able to promote human dignity through policy and culture. WYA would not be here without all of your support!

With deepest gratitude,
