

Thank You

FOR ALL YOUR HELP!

Dear Friend of the World Youth Alliance,

My name is Ana Laura Hernández. I am 25 years old and I am from México. I attended the Universidad Panamericana and graduated from Law School last summer.

I first met the World Youth Alliance through good friends of mine. I have been very active with WYA since that time because I truly believe in WYA's work. I completed an internship in the WYA Latin America office where I organized many events and decided to pursue an internship with WYA's Headquarters because it was an amazing experience!

Here in New York I serve as a WYA Advocacy Fellow, which has given me an invaluable experience in the international field, especially in global policy. I also helped with many events such as the WYA 15th Anniversary Gala, the Manhattan International Film Festival and the International Solidarity Forum. I am so grateful to WYA for this; now I will be able to go back to my country and share all that I have learned with others in my work and in my personal life. The good news has to be shared: especially when it is defending the dignity of the human person.

Thank you for your generosity. The chance to come to New York and see how WYA's work is made possible, the chance to meet and work with the good people that surround WYA made me realize that there still is goodness in this world. Every day I wake up in the WYA house, I thank you in my heart because you make all of these incredible things happen. Thank you from the bottom of my heart. I am asking God that more people may have hearts as generous as yours and I will keep you in my prayers.

Sincerely,

Thank You
