

Thank You

FOR ALL YOUR HELP!

Dear Friends of the World Youth Alliance,

I am Camille Lu, a WYA HQ headquarters intern from the Philippines and I graduated from Ateneo de Manila University (Philippines) with a Bachelor of Arts in Development Studies. I specialized in Development Management and Economics which I now apply during my involvement with non-profit organizations that require experience with project management, event planning, and marketing of their different programs.

I have been involved with WYA since 2017, first as a regional intern at the Asia Pacific office in Manila wherein I completed my Certified Training Program. That same year, I was lucky enough to visit the headquarters in New York during my participation at the United Nations Youth Assembly. Since then, I have been a regular volunteer at different WYA events where I would share with other people about WYA's mission and my own personal journey with the organization.

As a headquarters intern, I would assist with the planning, marketing and execution of the different events alongside my co-interns. My main project also included the creation of the Certified Training Program Study Guide which will serve as a supplementary study material for those who wish to undergo the program itself. We were also given the chance to study the White Papers which was a great experience for me as I was able to have a deeper understanding of how WYA's mission is also relevant in different issues of today.

No words can describe how incredibly blessed I feel to have been given the opportunity to push through with this internship program. It has allowed me to learn more about myself and about other cultures as well. My co-interns

Thank You

FOR ALL YOUR HELP!

and the WYA staff were nothing short of amazing people who will do great things in the future not only in their own country but for others as well.

I would like to thank everyone who has supported WYA and their programs throughout the world. Seeing how many people believe and advocate for human dignity is truly inspiring. This internship experience is truly one-of-a-kind and it was through your sincerity and generosity that we were able to achieve all of this.

Best Wishes,

Camille Lu
