## FOR ALL YOUR HELP!

Dear Friend of the World Youth Alliance,

My name is Santiago Ruiz, I am 18 years old from Hernandarias, Paraguay. I finished my studies at the Santa Teresita del Niño Jesús high-school in Paraguay last year. In the near future, I would like to study industrial engineering.

I have known WYA for a very short time. Carlos Cáceres Sarubbi was the one who spoke to me about WYA. This was my first internship (and I would like to do a second one) and it was a unique and unforgettable experience. I worked as an HQ intern at the WYA office in New York. I worked on various projects mainly with the President of WYA Mr. Lord Leomer Pomperada and the International Director of Operations Miss Anne Mimille Guzman. We organized events like the International Solidarity Forum (ISF), the Manhattan International Film Festival (MIFF), and the International Summer Camp (ISC). I was assigned along with another intern to look for event sponsorships from local businesses. I was also in charge of managing the WYA Instagram account. Besides organizing the ISF and the MIFF, I also had the opportunity to participate in both events.

I wanted to thank all of WYA's friends for granting me this amazing opportunity to work here in New York. I have always felt so at home with the World Youth Alliance, and I feel so lucky and grateful to have spent all these months at their Global Headquarters.

Thank you again,

Santiago Ruiz
